# CROSS

Palermo | NOZ - Nuove Officine Zisa 28 | 29 October 2022

More than twenty years after the Palermo Convention for the fight against transnational organized crime, the need to analyze how institutions and social organizations are working and what successes they have achieved in the last decades in the fight against mafias, organized crime and corruption, rethinking common strategies together, with an ever watchful eye on present and future challenges, resounds even more strongly.

The initiative is part of the global activity that Libera promotes, in the specific in Europe with CHANCE Civil Hub Against Organised Crime, Latin America through ALAS América Latina Alternativa Social and in Sub-Saharan Africa with PLACE Peace and Liberation in Africa.
